MORE LANES, MORE OPTIONS: The Utah Department of Transportation and Utah Transit Authority have joined forces to reduce congestion and provide more transportation options along the vital 3500 South corridor. Roadway improvements include:

- Widening the roadway to three travel lanes in each direction and constructing dedicated Bus-Rapid-Transit (BRT) lanes in the center median
- Replacing the asphalt with a new concrete surface
- Installing new curb, gutter and sidewalk and streetscape improvements

Construction on 3500 South between Bangerter Highway and 2700 West is underway.
